

RECORDhub

A Revolutionary Gateway for all Your Searching Needs Advanced Technology for Serving Your Constituents

Designed to offer industry leading flexibility, RECORDhub provides a convenient gateway to all your records. With RECORDhub, you can be online 24/7 providing revenue generating access for users to quickly and easily search your land records from anywhere with an internet connection.

Housed in our secure Cott Cloud at a state-of-the-art data center, our redundant hardware architecture allows RECORDhub to guarantee high availability. RECORDhub offers a variety of subscription plans that can be tailored to help you achieve your revenue generation goals.

- Timely and accurate public access to your data
- Secure, trusted records management
- Powerful, industry-leading capability with Cott iQ intelligent search technology
- Familiar, intuitive interface that reduces frustration and user support needs
- Flexible subscription plans, pricing options, and revenue sharing models to fit your needs

By leveraging Cott iQ search technology, RECORDhub provides convenient access to indexed information and images for all your recorded instruments. Accurate search results are displayed in a familiar design that reduces confusion, making it easy to use. Results are presented in a crisp grid format, and users are provided with a wide variety of sort and filter options. Just like many popular shopping sites, initial search results can be pared down with multiple filter options until you find exactly what you are looking for - all with a look and feel familiar to anyone who has spent time surfing the web.
