

# VERDICT

CASE MANAGEMENT SYSTEM

## Comprehensive Court Case Management

A powerful, fully-integrated case management system, Verdict helps court staffers save time and work efficiently with the ability to enter, search, transmit, and store case information. Verdict’s flexibility and extensive functionality make it the perfect solution for all case types. Verdict allows you to work cohesively with your Supreme Court creating business rules and automating daily transmissions. With Verdict, you can import data from your District Attorney’s office and import/delivery import with your Sheriff’s office. Verdict also offers eFiling and auto redaction features.

### EFFICIENCY & SECURITY DATA MANAGEMENT

- Easily retrieve data and images associated with criminal and civil cases, improving case processing times and dramatically improving court efficiency
- Intuitive navigation makes it simple to find, sort, and record case information for single or multiple cases
- Single screen results for 90% of common inquiries ensure minimal screen transitions—no need to pull paper documents
- Post history records, schedule court dates, and update statuses easily on the docket entry screen
- Schedule cases for court and easily generate notices for subpoenas, warrants, and pretrial notices

#### TAILORED

flexible configurations
